- 4.1.9. **Customer** hereby declares that, provided that **VTEX** has a substantially similar Certified APP, Customer shall not integrate **VTEX Platform** with partners who do not provide VTEX Certified APPs.
 - 4.1.9.1. - 4.1.10. The **Customer** will not, during the **Term** or after the termination or expiration of this **Agreement**, make disparaging statements, in any form, about **VTEX**, **VTEX's** officers, directors, agents, employees, the terms of this **Agreement**, its products or **Services**.

The **Customer** further understands that the use of encryption is the most appropriate method for the protection of information, and it agrees to use it whenever possible.

5. VTEX'S OBLIGATIONS

5.1. VTEX shall:

- 5.1.1.** provide the **Services** in accordance with applicable law.
- 5.1.2.** Ensure that all licenses required to perform the Services under this Agreement are valid and in accordance with applicable law.
- 5.1.3.** **VTEX** may make available beta services, i.e., new services or functionalities in the testing phase of the **VTEX Platform** that may be made available for the Customer to perform tests at its discretion ("**Beta Services**"). Any use of the **Beta Services** will be subject to the specific terms for such utility, to be entered into between the **Parties**.
- 5.1.4.** use commercially reasonable efforts to provide the **Services**, including the processing infrastructure necessary for the **VTEX Platform**, in accordance with clause 6 of this **Agreement**.
- 5.1.5.** keep the hosting infrastructure up-to-date with programs to protect against criminal or irregular actions by third parties.
- 5.1.6.** **VTEX** will not, during the **Term** or after the termination or expiration of this **Agreement**, make disparaging statements, in any form, about the Customer, the **Customer's** officers, directors, agents, employees, the terms of this **Agreement**, the **Customer's** products or services.

6. SERVICE LEVEL (SLA)

6.1. Provided that the **Customer's** obligations are observed and fulfilled under this **Agreement**, **VTEX** will make commercially reasonable efforts to maintain the **VTEX Platform operational and live** according to a minimum percentage of monthly availability time of 99.7% ("**SLA**"). The calculated period **SLA** of the **VTEX Platform** ("**Calculated SLA**") is calculated considering the total minutes of the month, subtracting the sum of eventual unavailabilities that occurred in the same period.

6.1.1. "**Unavailable**" and "**Unavailability**" means that the **VTEX Platform** is inaccessible to all prospective end clients of the Customer, including all the all accounts linked to it or, in the case of the Platform's Administrative Environment, that it is inaccessible to all the Customer's Sponsor Admin.

6.2. In the event of non-compliance with the **SLA**, a credit will be granted to the **Customer** ("**Service Credits**"), calculated by applying a percentage on the monthly fee paid by the **Customer** in the month of occurrence of non-compliance with the **SLA** contracted according to the table below:

Calculated SLA	Service Credits Percentage
Between 0.01% contracted plan and 1.00% below the SLA for the contracted plan	10%
Greater than 1.00% below the SLA for the contracted plan	20%

6.2.1. **Service Credits** will only be granted if, at the time of the opening of the case, the Customer has paid all outstanding invoices. **Service Credits** will only be granted for future payments due by the **Customer** under this **Agreement**. **Service Credits** cannot be transferred or credited to any other agreement. The sole remedy for the **Customer** in relation to any **Unavailability** of the **VTEX Platform** will be the receipt of the **Service Credits**. The **Customer** and **VTEX** acknowledge that the Service Credits are a reasonable pre-estimate of the losses that the **Customer** may suffer as a result of, or in connection with, any Unavailability of the **VTEX Platform**.

6.2.2. To receive **Service Credits**, the **Customer** must open a call through the **VTEX** service system. The request must be received by the last day of the month following the month of unavailability. If the **Calculated SLA** in such a request is lower than the contracted **SLA**, **VTEX** will grant the **Service Credits** in the invoice for the month following the one in which the occurrence was determined.

6.3. The following events are excluded from the **SLA** calculation:

6.3.1. failures in making online sales and / or overloading the hosting infrastructure due to changes in the settings of the **VTEX Platform** under the responsibility of the **Customer** or of a third party contracted by it, including VTEX IO applications developed by third parties or customizations to its store that are not originally available on the VTEX Platform.;

6.3.2. In the event of any interruptions necessary for making technical adjustments or maintaining the **VTEX Platform**, **VTEX** shall use reasonable efforts to provide advance notice in writing of not less than 48 (forty-eight) hours. In general, scheduled maintenance does not impact the sales flow of VTEX customers, but it

may cause a higher latency than normally practiced. VTEX always seeks to make these scheduled maintenance in periods of lower access, aiming to impact the sales of its customers as little as possible.

- 6.3.3.** In case of any emergency interventions, arising from the need to preserve the security of the VTEX Platform, intended to prevent or impede the action of hackers or to implement emergency solutions and security for the VTEX Platform, VTEX will have no obligation to inform the Customer in advance about such interruptions. These are situations that put at risk to the regular operation of the VTEX Platform and such interruptions aim to ensure the security of all users in the face of detected vulnerabilities, including, but not limited to: (i) Zero Day Vulnerabilities, (ii) DDoS attacks, (iii) exploitation of vulnerabilities with access to information systems and (iv) Ransomware attacks.
- 6.3.4.** when carrying out any emergency interventions arising from the need to preserve the security of the **VTEX Platform**, aimed at preventing or stopping the work of hackers or aimed at implementing emergency and security corrections for the **VTEX Platform**;
- 6.3.5.** suspension of the provision of the **Services** (i) by determination of a competent authority; (ii) due to non-compliance by the **Customer** of any clause of this **Agreement**; or (iii) receipt of a notification alleging that the Customer infringes third party intellectual property rights.
- 6.3.5.1.** VTEX will notify the Customer in case of receipt of a notification and the Customer will be given 2 days to comply with the established requirements.
- 6.3.6.** if the maximum daily limit of visitors accessing the **VTEX Platform** is exceeded, which shall correspond to twice the daily average of visitors of the last 60 (sixty) days, provided that the **Customer** has not communicated to **VTEX**, at least 72 (seventy-two) hours in advance, of any circumstance that may subject the **VTEX Platform** to an unusual demand load. Although the VTEX Platform is auto scalable, if the number of accesses suddenly increases without VTEX having been notified of this trend and having prepared for this increase in accesses, there may be a risk of instability in the VTEX Platform; and
- 6.3.7.** cases of overload, **Unavailability** or slowness caused by the **Customer** or third party contracted by it via *WebService (API)*, data import through the administrative environment, consultations external to its own services or third parties to the **VTEX** system. In this case, if necessary, **VTEX** may temporarily suspend the **Services**. An information flow 10 (ten) times greater than the average verified in the fifteen days prior to the occurrence will be considered overloa
- 6.3.8.** instabilities of softwares and services outside of VTEX's control, such as, without limitation, disruptions on core telecom network or on public cloud provider's core services.

7. VTEX LIMITATION OF LIABILITY

7.1. VTEX shall not have any liability, whether arising out of breach of contract, tort (including negligence), breach of statutory duty, misrepresentation (whether innocent or negligent),

- 7.2.5. any inability of the **Customer** to use the **Services** as a result of
 - (i) termination or suspension of this **Agreement**;
 - (ii) discontinuation, by **VTEX**, of some functionalities of the **VTEX Platform**; and
 - (iii) requests for services that are not the obligation of **VTEX**;
- 7.2.6. any investments, expenditures or commitments assumed by the **Customer** in relation to this **Agreement** or with the use by the **Customer** of the **Services**; and
- 7.2.7. Damages arising from activities practiced in the VTEX Platform as a result of any access granted and authorized by the Customer to the VTEX Platform, as well as the modification, deletion, destruction, damage, loss or failure to store any of its content or data by the Customer or any user to whom the Customer may have given access.

7.3. Without prejudice to the exclusions provided in sections 7.1 and 7.2 above, **VTEX's** total aggregate liability under or in connection with this **Agreement**, whether or not foreseeable or in the contemplation of the parties and whether arising out of breach of contract, tort (including negligence), breach of statutory duty, misrepresentation (whether innocent or negligent), restitution or otherwise, will be limited to 10% (ten percent) of the total amount paid by the **Customer** to **VTEX**, in accordance with the provisions of **Appendix 1**, during the 12 (twelve) months immediately preceding notice of the loss suffered by the **Customer**. If there is more than 1 (one) claim during the 12 (twelve) months immediately preceding notice of the loss suffered by the **Customer**, the claims will be amalgamated but limited to 10% (ten percent) of the total amount paid by the **Customer** to **VTEX**, in accordance with the provisions of **Appendix 1**.

7.4. For clarification purposes, the limitation of liability provided for in clause 7.3 in no way shall be

understood as a limitation of the Customer's rights to the Service Credits provided for in clause 6.4.

8. INTELLECTUAL PROPERTY

- 8.1. VTEX** owns all intellectual property rights over the **VTEX Platform**, including, without limitation, eventual developments, new functionalities and improvements done based on comments and suggestions of the **Customer** or any other clients. The **Customer** cannot modify or remove any **VTEX** trademark, or **VTEX's** trade name, from the places where it appears on the **VTEX Platform**. No provision in this **Agreement** shall be deemed to have granted to the **Customer** any right over the **VTEX** trademark, or **VTEX's** trade name.
- 8.2.** The **Customer** may not seek to register any trademark or trade name that may cause confusion with **VTEX's** trademark or trade name.
- 8.3.** The **Customer** may store data in the database of the **VTEX Platform**. Such data is the sole and exclusive property of the **Customer**, and the **Customer** authorises **VTEX** to anonymise the **Customer's** data and use the data in an anonymised form to help improve **VTEX's** products and services. The aggregated anonymous data set can be used to activate features such as benchmarks and publications that can help understand data trends, as well as to assist **VTEX** in sizing its infrastructure.
- 8.4.** The **Customer** hereby authorises **VTEX** to use its name, brand, trademark and image ("**Image**") to publicise any activities related to the provision of the Services, including, without exclusion, the launch of the online store and publishing of business cases, provided that **VTEX** may not use the **Image** in provenly detriment to the **Customer**.

9. TERM AND TERMINATION

- 9.1.** This **Agreement** will become effective on the date of signature of Appendix 1, and will remain in effect for the term set forth in Appendix 1 ("Term"). Unless otherwise defined, the Agreement shall be automatically extended for additional periods equal to the Term, and so on, unless either Party gives the other ninety (90) days prior written notice of its intention not to renew the Agreement.

9.4. **VTEX** may suspend the **Services** temporarily and immediately in the event that it receives a notification alleging that the **Customer's** content violates or infringes the intellectual property rights of third parties, without said suspension implying any payment or compensation to the **Customer** or counting for the calculation of the **SLA**, according to clause 6.3.4.

9.5. The termination or expiry of this **Agreement** does not affect any right or remedy that has accrued prior to the date of termination, including payment by the **Customer** of any installment due in respect of **Services** provided by **VTEX**, provided that **VTEX** has effectively rendered the **Services**.

9.6. This **Agreement** may also be immediately terminated by either **Party**, for a just cause and regardless of any judicial or extrajudicial notices, in the event of (i) impossibility of continuing to perform the **Agreement** as a result of legal or regulatory prohibition; or (ii) bankruptcy, judicial or extrajudicial recovery, dissolution or judicial or extrajudicial liquidation of any of the **Parties**, requested or ratified.
