

DATA PROCESSING ADDENDUM

This Data Processing Addendum, including its Exhibits, (“DPA”), forms a part of the Master Services Agreement found at <https://vtex.com/us-en/agreements/> unless the Contractor has entered into a superseding written Master Services Agreement with VTEX, in which case, it forms a part of such written agreement. Together, the Master Services Agreement and the Order Form - Commercial Proposal, are referred to as the “Agreement”.

By signing the DPA, the Contractor enters into this DPA on behalf of itself and, to the extent that applicable Data Protection Laws require that a Controller Affiliate enters into a DPA with VTEX as well, in the name and on behalf of its Controller Affiliates (defined below). For the purposes of this DPA only, and except where indicated otherwise, the term “Customer” shall include the Contractor and those Controller Affiliates required by applicable Data Protection Laws to enter into a DPA with VTEX. All capitalized terms not defined herein shall have the meaning set forth in the Agreement.

In the course of providing the Services under the Agreement, VTEX may Process certain Personal Data (such terms defined below) on behalf of Customer and where VTEX Processes such Personal Data on behalf of Customer, the Parties agree to comply with the terms and conditions in this DPA in connection with such Personal Data.

- 2.1. Roles of the Parties. The parties acknowledge and agree that with regard to the Processing of Personal Data, Customer is the Controller, VTEX is the Processor and that VTEX will engage Sub-processors pursuant to the requirements set forth in Section 4 “Sub-processors” below.
- 2.2. Customer’s Processing of Personal Data. Customer shall, in its use of the Services and provision of instructions, Process Personal Data in accordance with the requirements of applicable Data Protection Law, including any applicable requirement to provide notice to Data Subjects of the use of VTEX as Processor. For the avoidance of doubt, Customer’s instructions for the Processing of Personal Data shall comply with Data Protection Laws. Customer shall have sole responsibility for the accuracy, quality, and legality of Personal Data and the means by which Customer acquired Personal Data. Customer represents and warrants that it has all necessary rights and needed consents from Data Subjects to share the Personal Data with VTEX and for VTEX to Process the Personal Data as contemplated in the Agreement and this DPA. Customer further represents and warrants that its use of the Services will not violate the rights of any Data Subject that has opted-out from sales or other disclosures of Personal Data, to the extent applicable under the CCPA.
- 2.3. VTEX's Processing of Personal Data. As Customer’s Processor, VTEX shall only Process Personal Data for the following purposes:
 - (i) Processing in accordance with the Agreement;
 - (ii) Processing initiated by Authorized Users in their use of the Services; and
 - (iii) Processing to comply with other reasonable instructions provided by Customer (e.g., via email or support tickets) that are consistent with the terms of the Agreement (individually and collectively, the “Purpose”). When processing Special Categories of Data as defined in Exhibit B or native Categories of Data with processes that were customized by the Controller or their commissioned actors, VTEX’s responsibility is limited to the storage of this data. Any additional or alternate instructions must be agreed upon separately.

The duration of the Processing, the nature and purpose of the Processing, the types of Personal Data and categories of Data Subjects Processed under this DPA are further specified in Exhibit B (Description of Processing Activities) to this DPA.

3. RIGHTS OF DATA SUBJECTS

- 3.1. Data Subject Requests. VTEX shall, to the extent legally permitted, promptly notify Customer if VTEX receives any requests from a Data Subject to exercise the following Data Subject rights in relation to Personal Data: access, rectification, restriction of Processing, erasure (“right to be forgotten”), data portability, objection to the Processing, or to not be subject to an automated individual decision making (each, a “Data Subject Request”). Taking into account the nature of the Processing, VTEX shall assist Customer by appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of Customer’s obligation to respond to a Data Subject Request under applicable Data Protection Laws. In addition, to the extent Customer, in its use of the Services, does not have the ability to address a Data Subject Request, VTEX shall, upon Customer’s request, provide commercially reasonable efforts to assist Customer in responding to such Data Subject Request, to the extent VTEX is legally permitted to do so and the response to such Data Subject Request is required under applicable Data Protection Laws. To the extent legally permitted, Customer shall be responsible for any costs arising from VTEX's provision of such assistance, including any fees associated with provision of additional functionality.

4. SUB-PROCESSORS

- 4.1. Appointment of Sub-processors. Customer acknowledges and agrees that (a) VTEX's Affiliates may be retained as Sub-processors through written agreement with VTEX and (b) VTEX and VTEX's Affiliates respectively may engage third-party Sub-processors in connection with the provision of the Services. As a condition to permitting a Sub-processor to Process Personal Data, VTEX (or a VTEX Affiliate acting as Sub-processor) will enter into a written agreement with each Sub-processor containing data protection obligations that provide at least the same level of protection for Personal Data as those in this DPA, to the extent applicable to the nature of the Services provided by such Sub-processor.
- 4.2. List of Current Sub-processors and Notification of New Sub-processors. A current list of Sub-processors for the Services, including the identities of those Sub-processors and their country of location, is accessible via <https://compliance.vtex.com/gdpr/policies/subprocessors> ("Sub-processor List"). VTEX shall update the Sub-processor List before authorizing a new Sub-processor to Process Personal Data in connection with the provision of the applicable Services.

5. SECURITY

- 5.1. Controls for the Protection of Personal Data. VTEX shall maintain appropriate technical and organizational measures for protection of the security, confidentiality and integrity of Personal Data. VTEX regularly monitors compliance with these measures. VTEX will not materially decrease the overall security of the Services during a subscription term.
- 5.2. Third-Party Certifications and Audits. VTEX has obtained the third-party certifications and audits set forth in the Security Practices Data Sheet. Upon Customer's request, and subject to the confidentiality obligations set forth in the Agreement, VTEX shall make available to Customer (or Customer's independent, third-party auditor) information regarding the VTEX Group's compliance with the obligations set forth in this DPA in the form of the third-party certifications and audits set forth in the Security Practices Data Sheet. Customer may contact VTEX to request an on-site audit of VTEX's procedures relevant to the protection of Personal Data, but only to the extent required under applicable Data Protection Law. Customer shall reimburse VTEX for any time expended for any such on-site audit at the VTEX Group's then-current rates, which shall be made available to Customer upon request. Before the commencement of any such on-site audit, Customer and VTEX shall mutually agree upon the scope, timing, and duration of the audit and any measures to protect the security of third party personal data or VTEX confidential information, in addition to the reimbursement rate for which Customer shall be responsible. All reimbursement rates shall be reasonable, taking into account the resources expended by VTEX. Customer shall promptly notify VTEX with information regarding any non-compliance discovered during the course of an audit, and VTEX shall use commercially reasonable efforts to address any confirmed non-compliance.

6. PERSONAL DATA INCIDENT MANAGEMENT AND NOTIFICATION

VTEX maintains security incident management policies and procedures specified in the Security Practices Data Sheet (<https://compliance.vtex.com>). VTEX shall notify Customer without undue delay of any breach relating to Personal Data of which VTEX becomes aware and which may require a notification to be made to a Supervisory Authority or Data Subject under applicable Data Protection Law or which VTEX is required to notify to Customer under applicable Data Protection Law (a "Personal Data Incident"). VTEX shall provide commercially reasonable cooperation and assistance in identifying the cause of such Personal Data Incident and take commercially reasonable steps to remediate the cause to the extent the remediation is within VTEX's control.

7. RETURN AND DELETION OF PERSONAL DATA

Upon termination of the Services for which VTEX is Processing Personal Data, VTEX shall, in the case of not being able to provide the interfaces necessary to the Customer to retrieve it by their own means, upon Customer's request, and subject to the limitations described in the Agreement and the Security Practices Data Sheet, return all Personal Data in VTEX's possession to Customer or securely destroy such Personal Data and demonstrate to the satisfaction of Customer that it has taken such measures, unless applicable law prevents it from returning or destroying all or part of Personal Data. For clarification, data that is not available for self-service retrieval may incur additional charge(s).

8. CONTROLLER AFFILIATES

8.1. Contractual Relationship. The parties acknowledge and agree that, by executing the DPA in accordance with "HOW TO EXECUTE THIS DPA," Customer enters into the DPA on behalf of itself and, as applicable, in the name and on behalf of its Controller Affiliates, thereby establishing a separate DPA between VTEX and each such Controller Affiliate subject to the provisions of the Agreement and this Section 8 and Section 9. The Customer warrants that it has the power and authority to enter into the DPA on behalf of itself and, as applicable, in the name and on behalf of its Controller Affiliates. Each Controller Affiliate agrees to be bound by the obligations under this DPA and, to the extent applicable, the Agreement. For the avoidance of doubt, a Controller Affiliate is not and does not become a party to the Agreement, and is only a party to the DPA. All access to and use of the Services by Controller Affiliates must comply with the terms and conditions of the Agreement and any violation of the terms and conditions of the Agreement by a Controller Affiliate shall be deemed a violation by Customer.

8.2. Communication. The Customer that is the contracting party to the Agreement shall remain responsible for coordinating all communication with VTEX under this DPA and be entitled to make and receive any communication in relation to this DPA on behalf of its Controller Affiliates.

8.3. Rights of Controller Affiliates. If a Controller Affiliate becomes a party to the DPA with VTEX, it shall, to the extent required under applicable Data Protection Laws, also be entitled to exercise the rights and seek remedies under this DPA, subject to the following:

8.3.1. Except where applicable Data Protection Laws require the Controller Affiliate to exercise a right or seek any remedy under this DPA against VTEX directly by itself, the parties agree that (i) solely the Customer that is the contracting party to the Agreement shall exercise any such right or seek any such remedy on behalf of the Controller Affiliate, and (ii) the Customer that is the contracting party to the Agreement shall exercise any such rights under this DPA not separately for each Controller Affiliate individually but in a combined manner for all of its Controller Affiliates together (as set forth, for example, in Section 8.3.2, below).

8.3.2. The parties agree that the Customer that is the contracting party to the Agreement shall, if carrying out an on-site audit of the VTEX procedures relevant to the protection of Personal Data, take all reasonable measures to limit any impact on VTEX by combining, to the extent reasonable possible, several audit requests carried out on behalf of different Controller Affiliates in one single audit.

9. LIMITATION OF LIABILITY

Each party's and all of its Affiliates' liability, taken together in the aggregate, arising out of or related to this DPA, and all DPAs between Controller Affiliates and VTEX, whether in contract, tort or under any other theory of liability, is subject to the 'Limitation of Liability' section of the Agreement, and any reference in such section to the liability of a party means the aggregate liability of that party and all of its Affiliates under the Agreement and all DPAs together.

For the avoidance of doubt, VTEX's and its Affiliates' total liability for all claims from the Customer and all of its Controller Affiliates arising out of or related to the Agreement and each DPA shall apply in the aggregate for all claims under both the Agreement and all DPAs established under the Agreement,

including by Customer and all Controller Affiliates, and, in particular, shall not be understood to apply individually and severally to Customer and/or to any Controller Affiliate that is a contractual party to any such DPA.

10. EUROPEAN SPECIFIC PROVISIONS

10.1. GDPR. With effect from 25 May 2018, VTEX will Process Personal Data in accordance with the GDPR requirements directly applicable to VTEX's provisioning of the Services.

10.1.1. Data Protection Impact Assessment. Upon Customer's request, VTEX shall provide Customer with reasonable cooperation and assistance needed to fulfill Customer's obligation under the GDPR to carry out a data protection impact assessment related to Customer's use of the Services, to the extent Customer does not otherwise have access to the relevant information, and to the extent such information is available to VTEX. VTEX shall provide reasonable assistance to Customer in the cooperation or prior consultation with the Supervisory Authority, to the extent required under the GDPR.

10.1.2. VTEX will notify the Customer if it believes an instruction infringes the GDPR or other European Union or Member State data protection laws.

10.1.3. Transfer Mechanisms - Onward transfers to Sub-processors. The Parties acknowledge that in providing the Services, VTEX may need to transfer Personal Data to a Sub-processor located in a country outside the EEA that is not deemed to offer an adequate level of data protection as defined by the Data Protection Laws, and in each case, where such transfer would be prohibited by Data Protection Laws in the absence of the Standard Contractual Clauses or other appropriate safeguards, ("**Restricted Transfer**"). The Customer hereby authorizes the VTEX to act as its agent to enter into Standard Contractual Clauses with such sub-Processors in the name of and on behalf of the Customer to facilitate the arrangements as set out in this paragraph. In such instance, the Customer shall be the data exporter and the Sub-processor(s) will be the data importer(s). Customer acknowledges that the Sub-processor may appoint sub-processors in accordance with Clause 11 of Exhibit C.

10.1.4. Instructions. VTEX will inform the Controller of any European Union or Member State law which requires VTEX to carry out Processing (where no instruction are given or which are conflicting to the instruction given by the Controller).

10.1.5. Confidentiality. VTEX will ensure that persons authorized to Process Personal Data are subject to an appropriate contractual or statutory obligation of confidentiality.

11. LEGAL EFFECT

This DPA shall only become legally binding between Customer and VTEX when the formalities steps set out in the Section "HOW TO EXECUTE THIS DPA" above have been fully completed. If Customer has previously executed a data processing addendum with VTEX, this DPA supersedes and replaces such prior Data Processing Addendum.

1. The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the Data Exporter for the damage suffered.
2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the Data Exporter, arising out of a breach by the Data Importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the Data Exporter has factually disappeared or ceased to exist in law or has become insolvent, the Data Importer agrees that the data subject may issue a claim against the Data Importer as if it were the Data Exporter, unless any successor entity has assumed the entire legal obligations of the Data Exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity.

The Data Importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.

3. If a data subject is not able to bring a claim against the Data Exporter or the Data Importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the Data Exporter and the Data Importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the Data Exporter or the Data Importer, unless any successor entity has assumed the entire legal obligations of the Data Exporter or Data Importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

Clause 7 - Mediation and jurisdiction

1. The Data Importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the Data Importer will accept the decision of the data subject:
 - (a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;
 - (b) to refer the dispute to the courts in the United Kingdom.
2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

Clause 8 - Cooperation with supervisory authorities

1. The Data Exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.
2. The parties agree that the supervisory authority has the right to conduct an audit of the Data Importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the Data Exporter under the applicable data protection law.
3. The Data Importer shall promptly inform the Data Exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the Data Importer, or any subprocessor, pursuant to paragraph 2. In such a case the Data Exporter shall be entitled to take the measures foreseen in Clause 5 (b).

Clause 9 - Governing Law

The Clauses shall be governed by the law of the Member State in which the Data Exporter is established.

Clause 10 - Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

Clause 11 - Subprocessing

1. The Data Importer shall not subcontract any of its processing operations performed on behalf of the Data

Exporter under the Clauses without the prior written consent of the Data Exporter. Where the Data Importer subcontracts its obligations under the Clauses, with the consent of the Data Exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the Data Importer under the Clauses. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the Data Importer shall remain fully liable to the Data Exporter for the performance of the subprocessor's obligations under such agreement.

2. The prior written contract between the Data Importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the Data Exporter or the Data Importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the Data Exporter or Data Importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
3. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the Data Exporter is established.
4. The Data Exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the Data Importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the Data Exporter's data protection supervisory authority.

Clause 12 - Obligation after the termination of personal data processing services

1. The parties agree that on the termination of the provision of data processing services, the Data Importer and the subprocessor shall, at the choice of the Data Exporter, return all the personal data transferred and the copies thereof to the Data Exporter or shall destroy all the personal data and certify to the Data Exporter that it has done so, unless legislation imposed upon the Data Importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the Data Importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.
2. The Data Importer and the subprocessor warrant that upon request of the Data Exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.
